I am fine, and I hope you are also.  
Thank you for the introduction.  
We have had an abrupt change in plans that I was going to contact you about.

Our hotel in Alexandria has informed us that they are closing permanently this July.  
They are turning the place into Condos.  
So they kicked us out.  
This is the second time this has happened to us in Alexandria. The first was the Crowne Plaza which how we ended up at the Holiday Inn.

So, we are busy trying to reorganize our meeting and as soon as I have answers I will reach out to you to assess availability.

Mr. Dawson,  
Thank you for considering making a presentation to our group on this topic.  
When we get this current hiccup resolved, I will reach out to you about our plans to make certain they comport with your availability.

We may end up with a webinar based session, though I hope not, I am tired of them.  
Or we may have an in person session at another location or at another time. We are seeking a venue.

I will be in touch. Again, thank you for your time and effort on this topic of importance for our industry.

Hi Lonnie

How are you doing?

It was great chatting with you regarding the different fluorination processes and levels. It really helps me understand more on how PFAS could be formed through fluorination.

I would like to introduce to you Jeff Dawson, Science Advisor for the U.S. EPA, Office of Chemical Safety and Pollution Prevention. Jeff will be in a better position to talk to you about policies and non-analytical science regarding PFAS on HDPE containers.

Regards

Thuy

Thank you for responding.

I would be glad to speak with you at 11:00 am eastern.

I am in the central time zone.

Should I call you at the number below; or should I send a meeting invitation on something like Teams?

You could also call me at either number listed below.

Again, thank you for taking your time for us.

Lonnie Jaycox

Good afternoon

My name is Thuy and I am the BC at the Analytical Chemistry Branch lab of OPP. Our lab did the testing of the fluorinated HDPE containers

Is it possible for us to chat so I can understand what you want us to present at your meeting ? I am available tomorrow Thursday May 27 from 11 -noon and 1-2PM ET. I will be then be on leave and won't return to the office until June 7<sup>th</sup>. As of today I am available all day Monday June 7<sup>th</sup> and Thursday June 10<sup>th</sup> 9:00AM-1PM

Please let me know

Thanks

Thuy

Mr. Messina,

My name is Lonnie Jaycox and I am on the executive committee of the IoPP Chemical Packaging Committee.

This is an industry organization that meets in the Washington DC area (Alexandria) every fall to discuss issues of importance to the chemical packaging community.

This is a technical committee of IoPP and is not a lobbying organization. We exist solely to enhance the technical capabilities of packaging engineers in the chemical industry in technical and regulatory aspects of our jobs.

Website here:

<https://www.iopp.org/i4a/pages/index.cfm?pageid=3032>

During the pandemic we were incapable of meeting in person.

However, our fall meeting is on for September 20-22 at the Holiday Inn Hotel and Suites, Old Town Alexandria.

I am the committee chair that is tasked with bringing in SMEs to address pertinent topics.

The committee would like to have a speaker who could address the current understanding of the situation regarding PFAS content in packaging and the use of fluorination treatment as a barrier to non-polar solvents in industrial packagings.

Is there a speaker from US EPA who could provide an update to our committee during our meeting?

Thank you for your time,

Lonnie Jaycox
